Principal Madam Ms. Sumedha Phadke welcomed the parents and started with the meeting.

She discussed the following points:

Vision & Mission

The vision and mission of the school was shared with the parents. She also mentioned that City Pride School is an activity-based school where in the students are prepared to face the challenging situations and learn values like sharing and caring through sports, activities etc.

Yearly Planner

She also discussed about the school planner which is already given to the parents. She said that the school goes as per the planner but sometimes due to unavoidable reasons like 'Palkhi Procession', traffic congestion or heavy rainfall a change in the schedule is done. Even the annual day and the picnic day may change as it depends on the external factors like the availability of the hall or place. But the exams, holidays, the interaction or open days remain fixed.

She also mentioned that in addition to EPTA City Pride School has an advisory body of parents. The list of advisory members was also displayed. There are two parent representatives for each class.

Activities in School & Innovative Practices

She also mentioned the various celebrations done in the school through out the year. The glimpses of various classroom activities were also shown to the parents through a presentation.

The sports, arts and VPA activities are a regular part of the curriculum and regular observations are done also a monthly record is maintained. For Physical education morning sports is conducted and apart from these 3 periods per week are also there in the regular time table. They are divided into 4 different games and every child gets a chance to play one game for a month and then the child is shifted to another game. All VPA activities go on simultaneously and are also conducted in different rooms.

Some of the innovative learning initiatives of the school are:

Intelligence Qube (I Qube) for which teachers from outside visit the school to conduct classes as per their regular time table. This encourages the development of brain and use of intuition and innovation.

Discovery is a unique enquiry-based learning concept to develop scientific temperament and curiosity in young learners. Hands on to minds on activities are conducted in the science lab. This starts from Std III and goes up to Std VIII. Files and worksheets are maintained.

Creya is a stem based and experiential learning programme which develops the skills of science, technology, engineering, art and math. They are conducted from Std IV to VI. Weekly two periods are given for Creya. Apart from this there are skill labs for students from Std VI to VIII like animation, robotronics and special arts.

The school has introduced Leader in Me programme on 7 habits which will focus on character building and interpersonal effectiveness. Weekly one period is given for the same. This starts from Std II.to VIII.

Open door enhances the concept-based questions from science and mathematics. There are two cycles. Its is conducted for Std V and VI. Khan academy is another programme which enhances the concepts by doing and re-doing. Students from Std III onwards have 1 mathematics period in the computer lab and the assignments are done there. It can be accessed at home too.

Apart from this bag weight is checked regularly. Randomly the bags are checked and corrective measures are taken in case the bag is found heavy. Anecdotal records are maintained by the teachers for every child.

Annual day is mentioned in the planner and will be conducted as per the schedule.

Activity day will also be conducted as per planner.

Reformative classes will be conducted for students who lag in basic concepts with parents' consent.

Let's change is a programme initiated by the Government and is explained to students. The videos for the same are uploaded on the facebook page.

Que. Is the breakfast quality checked?

Ans. As mentioned earlier the breakfast is tasted by the breakfast committee, 2 parent representatives are a part of the breakfast committee. They can come to school and taste the breakfast on any day

Que. Does the VPA subject remain the same throughout?

Ans. Yes, it remains the same. Only in some genuine cases it can be changed in the next academic session in case there is availability.

Que. The report card is not yet published.

Ans. The report card is published after the open day gets over. The open day is not yet done.

Que. Can the school provide lunch for students?

Ans. The school has no plans to provide lunch.

Que. Do you have foreign language in lower class?

Ans Foreign language starts from std VI.

Que. Do you have videos of celebrations and activities?

Ans. Photos are uploaded on website. Videos of individual students are not recorded. However, videos of celebration and put up on the school's facebook page.

A suggestion was given by a parent to felicitate the Ticklinks winners in school which was appreciated by Principal Ma'am.

Vote of Thanks

Ritu Jain proposed the vote of thanks at the end of the meeting.

Sumedha
