- The Management representative Dr Ashwini Kulkarni addressed the following concerns:
  - 1)Due to health issues, disturbance at home and other genuine personal reasons, the teachers had to discontinue. But the school ensured that there was always a teacher to take over, so that the children won't miss out on any subject. However, this year (2023-2024), additional teachers are appointed in order to keep the teachers available for substitution or as a back-up to ensure smooth functionality of the classes.
  - 2)The parents mostly working from home were often found to go on long vacations missing the school. Chairperson, Mrs. Sumedha Phadke urged the parents to keep child's schooling as a priority and avoid long travel during the working days of the school. It was further told that leaves due to medical reasons are unavoidable and could be taken but medical certificate must be submitted after joining the school.
  - 3)The Management Representative Dr. Ashwini Kulkarni shared about a new initiative Leader in Me programme : based on 7 habits of the most effective people based on Stephen Covey's book. The school would be initiating this programme from the year 2023-24 from grade 2 to grade 6.
- Mr. Molake the parent representative of std III, shared his experience during the intraschool competition that the students were not informed that the harmonium would be played while solo singing competition, so the parents prepared a karaoke, but those students who used karaoke were not selected as the winners. The Principal, addressed this concern, the judges of the intraschool competition were external to ensure unbiased judgment, in the karaoke songs the singing was not aligned with the karaoke and that was the reason that those students did not win. However, the chairperson also made it clear that the participation of the students is what matters the most.
- Mrs. Oka the parent representative of std IV, raised a concern about the selection of the students in keyboard for the annual day. This was answered by the chairperson of the EPTA that the selection of the students was based on the teachers' observation during the regular

classes. The students had learnt Keyboard just for 6 months and it was too early for them to put up a performance. These children were included in class performances.

- Mrs. Kate, parent representative of std IV praised the school for all the efforts taken by the school amidst the teachers' discontinuation, she said that so far after changing 3 to 4 schools, she finally decided to stick with City Pride School.
